Product Description

A great looking fixture at a great price, this linear pendant directs bright, glare-free light over work surfaces without shadows or pesky dark spots. Required T8 LED lamps sold separately.

Design

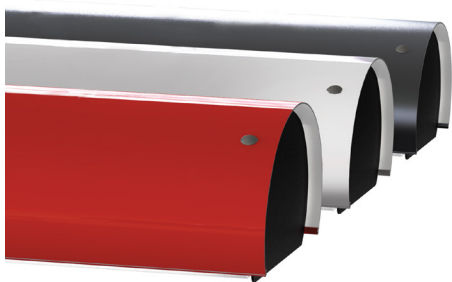

- Formed CRS steel
- Baked gloss enamel paint available in three finishes
- Fitted with frosted prismatic lens
- Adjustable aircraft cable suspension
- Cord length: 6.5 feet (198 cm)

Light

- Requires two 48" Type B Line Voltage T8 LED Bypass lamps (**Lamps not included**)
- Does not accept T8 fluorescent lamps
- **Lamps available below, or purchase T8 LED lamps with the following specs:**
- 1-Lamp has internal driver
- 2-Lamp is not a retrofit T8 LED lamp intended to be used in fixtures with existing fluorescent ballasts
- 3-Lamp is single-ended (power comes into lamps only from one end)

Controls

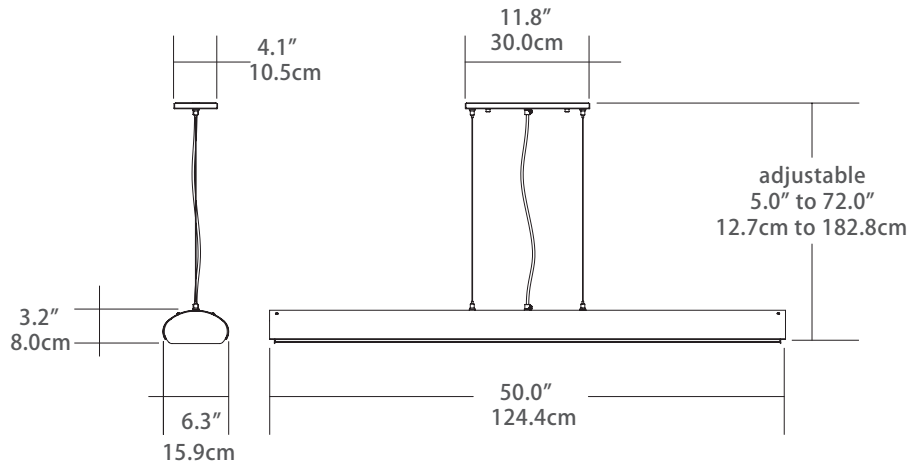

- Fixture accepts 120 to 277 VAC 50/60Hz input

Available in Three Finishes
