1D+ 3.5" x 3.5"

DIMENSIONAL DATA

FEATURES

Small aperture LED adjustable accent with shallow housing for restricted plenum ceilings.

Tension locking mechanism for tool-less adjustability and precise aiming with 35° vertical tilt and 362° rotation.

Field changeable beam spread optics to accommodate post-installation design changes.

Selection of die-cast trims with Solite lens to complement any design.

Built-in adjustment feature to ensure flawless alignment of installed trims.

Selection of dimming drivers available.

PERFORMANCE

HOUSING DETAILS

HOUSING SPECIFICATIONS

LED System

Proprietary LED module with single light emitting source. May be specified in 2700K, 3000K, 3500K or 4000K in CRI>80 or CRI>90. Color accuracy within 2 SDCM. Aluminum heat sink provides appropriate thermal management.

Construction

Thermally protected housing for new construction applications. Insulation to be kept 3" away from housing. Type IC inherently protected, suitable for direct contact with insulation. Restrictive airflow per ASTM-E283. Butterfly brackets allow mounting to ½ emt. Order bar hangers as an accessory. Die-cast aluminum heat sink designed for maximum thermal dissipation. Die-formed housing and integral junction box with (7) 1/2" pry outs. UL & cUL listed for (8) #12 AWG (4 in, 4 out) 90°C conductors and feed through–branch wiring. Accommodates ceiling thicknesses from 0.5" to 1" thickness. For thicker ceiling consult factory. Fixture will not exceed 5 lb.

Adjustment

35° vertical tilt and 362° rotation of light module.

Electrical

Choice of constant current dimming drivers. Power factor > .9 typical.

Emergency

Bodine BSL17C–C2. Emergency output —7W for 90 minutes. Above ceiling access only. Maximum mounting height: 10.78ft.

Labels

UL and cUL Listed. Suitable for Dry or Damp Locations, indoor use only. AA trim optic with Solite lens, wet location standard.

Lumen Maintenance

Reported: L70 at >55,000 hours Calculated: L70 at 420,000 hours
L90 at >55,000 hours
L90 at 108,000 hours
Derived from EPA TM-21 calculator. Based on typical conditions, consult factory for additional data.

Reliability

At Focal Point, our products are designed to stand the test of time. Each luminaire is engineered using superior components, manufactured with the utmost care and rigorously tested. Contact us for reliability data.

Warranty

LED System rated for operation in ambient environments up to 25°C. 5-year limited warranty.

TRIM SPECIFICATIONS

Aesthetics

Reflector is Die-cast aluminum. Torsion springs pull trim tight to the ceiling with no visible fasteners within the trim. Trims are self-flanged.

Optics

Beam spreads achieved with optics that may be easily changed in field.

15° SPOT PERFORMANCE CHART

Delivered Lumens	System Watts	Lumens per Watt (LPW)	Center Beam Candlepower (CBCP)
700	11	65	6139
900	14	66	7641
1100	19	56	9243

Tested with 3500K, 80CRI, Clear Diffuse Reflector. Lumen multipliers: 90CRI = 0.75, WD = 0.9963, BK = 0.9726, WH = 1.0126. Lumen output may vary +/-5%. Actual wattage may vary +/-5%.
